

Notes

1. Navigation unfolded

I have rolled most of the personal Land functions into the "My Land" page using tabs. The navigation could point to the individual tabs but I kept it simple here.

Notes
1. Will be fleshed out when more content comes from Jack

What is the best type of property for me?
Private Regions (Islands) offer the most flexibility and privacy to support your activities in Second Life.
There are three different types of Private Regions:
Full Regions are the premier island product. These regions can handle the most avatars and scripts and offer the highest performance. Start with an island.
Homestead Regions have lower performance than Full regions and are intended for low-density rentals, quiet residential or light commercial use. Only available to Residents who own at least one Full Region.
Openspace Regions are intended for scenery, such as forest, countryside or ocean. Only available to Residents who own at least one Full Region.
[For more information on Region Types, see Knowledge Base](#)

Real Estate: Land Use Fees

The Land Use Fee is a monthly charge for the peak amount of land held during the previous 30 days, including actual parcels held and land tier donated to groups. See Land Pricing and Use Fees for examples.

Please choose below the ownership tier that best reflects the amount you want to be charged each month for land use fees. When you purchase land or add tier to a group in-world, you will be alerted if the new holdings move you into a higher tier requiring a greater monthly land use fee (if you purchase auction land be sure you read the auction FAQs regarding auction land purchases and tiering). If you choose not to move into the higher cost tier, simply do not complete the land purchase. If you release land holdings or donations and want to receive tier warnings at a new, lower level, you must tier-down using the radio buttons below. (You may remain at the higher tier level without penalty; tier fees are only charged for the total amount of land actually held within your billing cycle.) If you don't lower your tier and purchase more land, no warnings are sent, as you are still within the tier you allotted.

Note: Island billing is separate from land use fees.

Land Use Fees

Your current holdings and fees are shown in the left column below. If you're thinking about making changes to your holdings, then use the fee calculator in the right column to estimate any changes to your fees.

Real Estate: Land Rentals

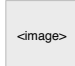

Rental Rate:
Land rental rates are different depending on whether you want to rent islands or space on the Mainland.
* Islands can be rented at US\$50 per region per day
* Mainland Regions can be rented at L\$4000 per region per day
* Events sponsored by or to the benefit of non-profit organizations will receive a discounted rate of L\$3000 per Region per day.
Details:
1. Reservations must be made 2 weeks in advance, and are on a first-come first-served basis.
2. Residents must include a full description of the event when applying.
3. Minimal rental period is 3 days.
4. Residents are allowed to terraform the land, but do not incur tier fees for temporary ownership of the land.
5. Residents cannot transfer the land during the rental period.
6. The original state of the Regions will be saved immediately before the rental period. At the conclusion of the rental period, the Regions will be restored.
More Information:
If you're interested in renting, please submit a Land and Region Issues ticket with the Region Request field set to Region Rental.
Additional information you'll need to submit includes:
* The number of Regions you want
* Rental start and end dates
* Whether or not you need to be able to terraform the Regions
* A full description of your event

Real Estate: Region Pricing

Private Regions (Islands)

Private Regions (Islands) offer the most flexibility and privacy to support your Second Life needs. There are three different Private Region product offerings:

Full Regions are the premier island product. These regions can handle the most avatars and scripts and offer the highest performance.

Homestead Regions have lower performance than Full regions and are intended for low-density rentals, quiet residential or light commercial use. Only available to Residents who own at least one Full Region.

Openspace Regions are intended for scenery, such as forest, countryside or ocean. Only available to Residents who own at least one Full Region.

For more information on region types, billing and payment, check out the Knowledge Base articles listed on the right.

Private Region Pricing

Type	Size	Price	Maintenance Fee (monthly)
Full Region	65,536 sqm	\$1000	\$295
Homestead Region	65,536 sqm	\$375	\$95
Openspace Region	65,536 sqm	\$250	\$75

Key Points

Current page request that the user begin by adding a payment method.

The current Payment Method system requires the same credit card that is used for purchasing Lindens and monthly charges be used for purchasing Land.

When the payment method is updated it does not take you back to the land store.

Current Land Store uses the map as the primary interface and first step.

Current Land Store requires Estate Naming.
